

William Neve

Passionate Full Stack Developer and avid technology learner, with a proficiency in Javascript, building digital experiences with React.js, Next.js and Node.js. Well-versed in all phases of the Software Development Life Cycle (SDLC), leveraging user-centric thinking, strong problem solving skills and Test Driven Development (TDD) methodologies. Devoted in creating efficient, concise, and scalable code to deliver on diverse requirements. Demonstrated project management/coordination and interpersonal skills cultivated through teaching, freelance engagements, and roles within the culinary industry.
